

Gender equality

Why can't women
have the same rights
as men?

Women and men must have the same rights, the
same salary, the same amount of respect.
Some companies don't allow women to apply for
certain jobs.

Why?

Because they think women are less.

This isn't fair!

They need to change!

Help us and don't discriminate women!

We all have the same rights men, women or kids.
